

SWOPE PARK SOCCER CENTER

Field Use Policy

Field 3 is a FieldTurf Synthetic Infill Turf System. Just because it is synthetic, it is still not “indestructible”. The things that it must be protected from are just a bit different than a grass surface.

The following is a list of items **prohibited** from being brought onto the field:

- firearms
- alcoholic beverages
- tobacco products
- pets/animals of any kind
- gum
- sunflower seeds/ peanuts
- soda
- food

Please select someone from your group to be the point person for your event and to be responsible for all trash clean up, unless previous arrangements have been made with OnGoal or the Kansas City Wizards Field Operations.
